

Privacy Policy – Prompt Engineering Studio

Prompt Engineering Studio provides workflow construction and validation tools for AI usage.

Data Handling:

- Prompts submitted by users may be processed by AI providers through secure backend infrastructure.
- No AI provider keys are stored on user devices.
- We do not sell personal information.
- We do not use prompts for advertising purposes.

User Responsibility:

Users should avoid submitting sensitive personal, financial, or confidential data.

Security:

All communication between app and backend uses encrypted HTTPS connections.
